## Property Description

The Bamboo Villas are the most iconic, luxury villa rentals in all of Manuel Antonio, but are also much more. This complex of 3, individually titled, properties in the exclusive Tulemar Development makes for an investment opportunity unlike any other on Pacific Coast of Costa Rica. While there are a selection of more traditional 3-6 bedroom luxury homes and rentals, these one bedroom villas, are far and away, the sexiest villas and most lucrative rentals anywhere. The villas are focused on catering to couples who want to combine luxury, nature, romance and exclusivity. The evidence of their unique nature is the tremendous demand and rental history which they have procured, with annual occupancy rates which have surpassed 90% in the past years. These luxury villas represent some of the strongest ROI investments in the area but also offer a long term equity opportunity to own the most sought after property in the Manuel Antonio area for future development.
