Property Description

Located in the quaint mountain town of Platanillo only 18 minutes from Dominical beach and 30 minutes to San Isidro (Perez Zeledon). This home and property with plant nursery and extra building area are at the end of a private road with 8.5 acres surrounding it for complete privacy. Although you feel completely secluded in nature, the location is still only minutes to supermarkets, local restaurants, hardware store, and more. The home was built in 2010 by the current owner and they have put their heart and soul into the property. A retired landscaper and avid birder, they have planted specific varieties of trees and flowers to attract abundant species of birds and hummingbirds daily around the house. The mature landscaping and gardens are a vivid array of colors, fragrances, and constant enjoyment from your visiting feathered friends. From the carport area you enter the home on the upper level with covered wrap around porch to enjoy the mountain views and surrounding forest.
