Property Description

This beautifully designed two-bedroom house is located in a quiet residential area above Playa Hermosa and is surrounded by lush forest. Upon entering the electric gate of the property, there is a short driveway that leads to the covered parking area, which has sufficient room for one car and one quad. The gorgeous and meticulously landscaped gardens immediately give you the sense of being in a tropical oasis. A short flight of stairs takes you from the parking to the house. On the lower floor of the house is the guest apartment, which includes one bedroom, one open bathroom and a kitchenette with an open-plan living area. The floor to ceiling glass doors provide for beautiful natural light throughout. The main part of the house is located on the second floor, where you have the sensation of floating in the canopy of the trees. Again, the floor to ceiling glass doors and windows allow for beautiful natural lighting and views of the verdant forest.
