Property Description

Beautifully appointed home with end of the road privacy located in Punta Mira (just above Lagunas) with ocean views and expansive mountain and valley views as well. The home is well designed with each bedroom on either side the open floor plan living room and kitchen space. Perfect for entertaining family and friends or as a desirable vacation rental. High-end finishes throughout the home with lots of creative artistic details. From Teak wood vanities in the bathrooms, handmade furniture and built in shelves, to mosaic tile inlay on terrace. The contemporary-modern design has a welcoming and open feeling while framing the view from every room. An immediate “wow-factor” as you enter the home looking out over the living room and view onto the pool area lets you know you are home every time you enter. The lower-level pool and deck space offers plenty of space to enjoy the tropical sunshine.
