Property Description

This incredible home is located on Costa Rica's Southern Pacific coastline in Portalon and the prestigious Hills of Portalon Estates midway between Quepos and Dominical. Casa Naturaleza sits on an attractive 5 acre ocean view lot adjacent to one of the many forested reserves within the Hills of Portalon Reserve. The reserves are yours to protect and enjoy forever. Newly constructed in 2007, this extremely well built block ranch home offers about 3000 sq. ft with 3 full bedrooms, office, 3 1/2 bathrooms, living room, kitchen and dining room along with a complete wet bar. The expansive outside covered terrace takes you to pool side and the incredible infinity edge half moon shape pool. This home is completely furnished with high quality imported furniture throughout. Fine decorations adorn the walls and are included with the home. The beautiful wood vaulted ceiling in the dining room is a highlight and gives a feeling of openness throughout.
