Property Description

Directly across from Hermosa Beach and overlooking the famous “Whale’s Tail” reef in Ballena National Park, Villa Tres Ninas is a tremendous unique offering which combines convenient access, stunning natural beauty and views and a design and attention to detail which leaves nothing to improved. The villa’s main entrance features a secure, remote controlled gate leading to the brick lined drive and private portico and carport. While contemporary in design, architecturally a design we call tropical contemporary, the first approach while entering the villa provides a sense of nature’s privacy with lush foliage, and the natural stones and hardwoods that adorn the villa. Slate floors, teak stairs and doors coupled with natural hues and colors afford a calm and grounded sense as framed by their contemporary surroundings. To further achieve this amalgam of the natural and modern, hand crafted, custom furnishings and artwork have been imported from Bali.
