Property Description

Casa Linda is a 2,500 sf, single-level custom luxury home in Hacienda Pinilla that was designed by the architect Mauricio Mora and completed in 2017. The property was built using high-quality materials, and as proof of that, the owner is willing to share the plans and purchases with his future buyer. It is located in Los Almendros, a neighborhood within the Hacienda Pinilla gated community just south of Playa Tamarindo in Guanacaste, Costa Rica. This home boasts 2 kitchens, both of which feature stainless steel appliances and quartz counter tops. There is porcelain flooring throughout – even in the garage. Also included is a water filtration/ UV purification system and security system. There is a lockout 1 Bedroom, 1 Bath unit that could be used as part of a rental program if so desired. All woodwork in the home is crafted from local cedar. There are 2 lockable owner closets if purchasers are interested in rental income.
