Property Description

A tiny percentage of ocean front property in Costa Rica is fully titled and Punta Plata I condo 506 is included in that exclusive category meaning that the expansive ocean views from your condo can never be compromised. On the third/top floor, as you walk in it feels as though you could dive off the large balcony straight into the ocean below. Fantastic lap pool just for the three condo buildings, remote controlled gate access, well maintained gardens and abundant wildlife, spectacular bluff location and views going all the way from the new Flamingo Marina slated to break ground in 2018 to the open ocean. Solid construction, private stairway down to secluded white sand beach. Watch the sports fishing and scuba diving boats pass by, refreshing on shore breezes for a large part of the year. Generous sized bedrooms, with the master enjoying ocean views. Good sized laundry room which can be an owners lock off for rental purposes.
