Property Description

This charming 2 bedroom home is the perfect Costa Rican mountain getaway. It is situated on a 1.5-acre forested property with some beautiful rainforest trees and tons of wildlife. The mountain views are spectacular and at 1600 ft elevation it is the perfect climate. Nice cool evenings and comfortable days with great breezes yet it is only a 15 min drive down to the town of Dominical and the beaches!!! It is located in the small community of Punta Mira where there is a nice mix of local Ticos and foreigners. From where you park in the back of the home, you walk into the second floor. On this floor, you have the kitchen, living room, laundry room, main bedroom with a walk-in dry room, and a full bathroom. There is also a large covered deck that looks down on the pool and has amazing views of the surrounding mountains, jungle and valley. Then you take an outside staircase down to the first floor.
